Try uppercase "OR" to search for either of two terms. [details]

Patents   Showing: [Any status ▼]   View as: [List ▼]   Patents **1 - 10** on **memory space located outside proces**

Sort by relevance | Sort by date (new first) | Sort by date (old first)

Microprocessor based computer with virtual memory space in overwritable memory
US Pat. 5511206 - Filed Feb 25, 1994 - Sony Corporation
1 that a data base A and a data base B are stored in the **outside memory** 3, ...
invention to provide a **microprocessor** controlled **processor** whereby the user ...

Management system for the memory of a processor or microprocessor
US Pat. 4602328 - Filed Dec 17, 1982 - L'Etat Francais represente par le Ministre des P.T.T. (Centre National d'Etudes des
Telecommunications), Institut National de Recherche en Informatique et en Automatique
In particular, it makes it possible to separate the **located** between the
processor and the physical **memory space** reserved for input - output operations
and ...

Information exchange processor
US Pat. 4418382 - Filed May 6, 1980 - Allied Corporation
The lower half as previ- **microprocessor** is to service, and establishes the micro
- ously explained is called **processor memory space**, and **processor** as either ...

Digital data processor with high reliability
US Pat. 4654857 - Filed Aug 2, 1985 - Stratus Computer, Inc.
The local address is a selected section of the virtual **memory space** and is ...
fault signals which originate **outside** the **processor** and are communicated to ...

System for dividing processing tasks into signal processor and decision ...
US Pat. 5524244 - Filed Feb 15, 1994 - Logic Devices, Inc.
If the user wishes to read or write signal **processor** block diagram parameter ...
SPROC chip **memory** is 4K of 24-bit words that map to the **microprocessor** as ...

Microprocessor providing an interface between a peripheral subsystem and an ...
US Pat. 4407016 - Filed Feb 18, 1981 - Intel Corporation
45 Because of its role as an interface between the main **memory space** and the ...
by the **microprocessor** rather than the peripheral subsystem **processor** for ...

Multi-processor computer system having memory space accessible to multiple ...
US Pat. 6085273 - Filed Oct 9, 1997 - Thomson Training & Simulation Limited
However, although this enables each bridge 7 to accept and decode **memory space**
cycles generated by processors other than its local **processor** 5 via the PCI ...

Method for automatically transitioning from V86 mode to protected mode in a ...
US Pat. 5255379 - Filed Dec 28, 1990 - Sun Microsystems, Inc.
The use of virtual addresses allows addressing of **memory space** in addition to
... the **processor** operates essentially as a fast 8088 or 8086 **microprocessor**.
...

High resolution ECG waveform processor
US Pat. 4630204 - Filed Feb 21, 1984 - Mortara Instrument Inc.
Once the **processor** 304 starts DRAM, PROM, or I/O that the **microprocessor** 304 is
to ... The acknowl- 35 area in the **memory space** a particular **memory** device ...

Processor core which provides a linear extension of an addressable memory space
US Pat. 5566308 - Filed May 25, 1994 - National Semiconductor Corporation
